Abstract. This article explores the significance of ethics and accountability in public sector management. It examines frameworks for promoting ethical behavior and accountability among public servants and discusses challenges in implementing these frameworks. The article also highlights the role of leadership in fostering an ethical culture within public organizations. The findings underscore the need for comprehensive policies and training programs to ensure ethical governance.

Keywords: ethics, accountability, public sector management, leadership, ethical governance

Introduction

Ethics and accountability are foundational pillars of effective public sector management. This article delves into the significance of these principles in promoting transparency and trust in public administration. It examines various frameworks designed to promote ethical behavior and accountability among public servants, highlighting the challenges associated with implementing these frameworks. The article also emphasizes the critical role of leadership in fostering an ethical culture within public organizations. By analyzing case studies and expert insights, the findings underscore the necessity of comprehensive policies and training programs to ensure ethical governance and enhance public trust.
